Re BOX RENTS.

SIR,—The returns for rent of letter boxes and drawers for the last fiscal year show an increase over the previous year from Quebec, New Brunswick, P. E. Island, British Columbia and Yukon, of $4,687.41; but a decrease from Ontario, Nova Scotia, Manitoba, Saskatchewan and Alberta, of $6,265.26, leaving the net revenue for last year $1,577.85 less than the previous year. The collections reported from the following offices are examples of the largest falling off of revenue for the same period:—

—	1908-9.	1907-8.

I also notice that the net revenue which came to account from Three Rivers for 1907-8 was $500.41; during the past year $465.65 was collected, but refunds amounting to $474.51 were made, which required not only the paying out of the total collections but also $8.86 of the revenue for the year.

I shall be glad to have your explanations regarding these decreases.

I am, sir, your obedient servant,

The Secretary, Post Office Dept. J. FRASER, *A.G.*

1—9s

POST OFFICE DEPARTMENT, OTTAWA, October 8, 1909.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th inst. calling attention to the fact that while the receipts for rent of letter boxes and drawers for the last fiscal year show an increase over the previous year in certain Provinces, there is a decrease from Ontario, Nova Scotia, Manitoba, Saskatchewan and Alberta, and asking for an explanation regarding this reduction.

In reply I beg to explain that the decrease in the receipts for the Provinces mentioned, outside of Nova Scotia where the decline was nominal and may be attributed to the ordinary fluctuation in renting, was chiefly due to the extension of free delivery by letter carriers. That system was responsible for the falling off at all the offices referred to with the exception of Winnipeg, Trois Rivieres and Regina.

At Winnipeg, where the periods had been expiring on June 30, rents were collected for nine months only in order that the terms might close at the end of the fiscal year.

The Trois Rivieres office was destroyed by fire on June 22, 1908, and as the boxes and drawers were not replaced until towards the end of the year the box-holders were refunded the rent for the time no accommodation was afforded them. Then again, because of the fire and the establishment of free delivery during 1907–8 a considerable sum was refunded for keys returned. The amounts thus repaid exceeded the receipts and caused the small deficit in the transactions.

At Regina a large number of boxes were let for the first time in 1907–8, and to secure uniform periods of rental more than twelve months rent was collected in most cases. These extra receipts with the collections on keys caused an exceptional increase for the year.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D. P. G.*
